Biologics REVOLUTIONIZING
BIOREGENERATION

AMNIO **ARMOR[®]**

Dual Layer Amnio Patch

The RevoGen Difference

At RevoGen Biologics we are committed to making lives better through cutting-edge biologics. Following time-tested rigorous guidelines and delivering quality products and services to our clients is our number one goal. We are dedicated to providing the highest-quality biologics products throughout the United States. We offer our services to the medical community and patients in order to improve quality of life. Our products meet the highest statutory, professional and legislative requirements. Through new processes and many advances in biotechnology, RevoGen is revolutionizing bio-regeneration to offer the highest quality biologics in the market to our physicians for their patients.

Tissue Processing

RevoGen Biologics and our strategic partners follow rigorous guidelines and procedures to preserve allografts for their intended use. The allograft tissue recovery process begins after a prospective donor has passed our stringent screening process. Highly trained technicians operate in state-of-the-art designated clean rooms to process and prepare donor tissue. **Our dedicated team is committed to providing the highest quality allograft tissue available** and our thorough screening process is designed to ensure only uniform, high-quality donor tissue is recovered and processed for distribution.

AmnioArmor® Dual Layer Amnion Patch is a dehydrated human amniotic membrane allograft derived from the submucosa of placental tissue.

AmnioArmor® may be used as a wound covering for acute or chronic wounds, serving as a protective barrier.

Protective covering

AmnioArmor® can act as a protective covering or skin substitute and aids in wound management.

Scaffolding

AmnioArmor®'s extracellular matrix serves as a scaffold for tissue reconstruction.

Easy to apply

Physician can apply product directly to damaged area without concern for orientation or the need for sutures. Additionally, high tensile strength of the product allows for suturing or stapling if required.

Stores at room temperature:

For ease of storage.

Five year shelf life:

Long lasting storage.

RevoGen Biologics Product List

	Part Number	Description	Units	Unit Price	Invoice Price
Q4188	RBA83011	AmnioArmor® Dual Layer Amnion Patch (1x1cm)	1	\$950	\$950
	RBA83122	AmnioArmor® Dual Layer Amnion Patch (2x2cm)	4	\$950	\$3,800
	RBA83223	AmnioArmor® Dual Layer Amnion Patch (2x3cm)	6	\$950	\$5,700
	RBA83344	AmnioArmor® Dual Layer Amnion Patch (4x4cm)	16	\$950	\$15,200
	RBA83446	AmnioArmor® Dual Layer Amnion Patch (4x6cm)	24	\$950	\$22,800
	RBA83548	AmnioArmor® Dual Layer Amnion Patch (4x8cm)	32	\$950	\$30,400

Growth factors

Easily applied with
or without glue or
sutures

Limits moisture loss

Protects the wound

Aids the healing process

Aids in granulation tissue
development in acute
and chronic wounds

Relationships

At RevoGen Biologics we understand the need for stringent donor screening, rigorous procedures, and the highest quality tissues, but we also know the importance of relationships. In addition to providing high quality products, we want to make sure that our clients have the most optimal experience throughout their interaction with RevoGen Biologics. If problems do arise, we will work with our physicians to resolve the issue quickly and efficiently. We want to set industry standards in product quality as well as customer relationships.
